

Welcome to the HIE Help Center Resource Guide! This section of our site houses downloadable packets, videos and multimedia, helpful links, and more. In addition to looking through these resources, you may want to head over to our [blog](#) for news related to [HIE](#) and other disabilities, or check out our guest posts on the [HIE Help Center Community](#)!

Quick Links to Information About HIE

- [HIE Resource Downloads](#): This page has downloadable tip sheets and guides addressing a variety of topics related to medicine, care, and legal matters.
- [Online Resources and Links](#): Links to a variety of other websites that parents may want to check out.
- [Glossary](#): Our glossary includes terms and definitions related to HIE and disability.
- [Multimedia](#): On this page, you can find videos, podcasts, and infographics about HIE and related disabilities.

Quick Reference: Key Topics of Interest

- [What is HIE?](#) This page includes information on causes, risk factors, signs and symptoms, diagnosis, treatments and therapies, associated conditions, long-term outcomes, and more.
- [Therapeutic Hypothermia](#): This page discusses a treatment that can prevent lasting brain damage from HIE when given very shortly after birth (usually within six hours).
- [Getting Help When You Need It](#): This page provides some options for caregivers, such as respite care and family assistance.

- [Support Groups](#): There are many support groups for parents of children with HIE and other disabilities, some that meet in-person and others that meet online. Here are just a few options.
- [Know Your Rights: Three Important Federal Laws that Protect People with Disabilities](#): Legal terminology related to disability rights can be very confusing, and sometimes this makes it difficult for parents to know how to advocate for their children. Here, we discuss the three major federal laws that protect people with disabilities: the Rehabilitation Act, the Individuals with Disabilities Education Act, and the Americans with Disabilities Act.
- [HIE Help Center Scholarships](#): Each year, we award two \$1,000 scholarships to students who are committed to helping people with HIE and similar injuries.
- [Stem Cell Therapy](#): This page discusses stem cell therapy, and how it may be able to reduce symptoms of HIE and related conditions.
- [Cerebral Palsy Cost Guide](#): This interactive guide can help parents estimate some of the major expenses associated with raising a child who has cerebral palsy, HIE, or another disability. It can be used as a tool in financial planning.
- [HIE Help Center Sitemap](#): This shows all the major topics we cover on our website.

About the HIE Help Center

The HIE Help Center is run by [Reiter & Walsh ABC Law Centers](#), a medical malpractice firm exclusively handling cases involving HIE and other birth injuries. Our lawyers have over 100 years of combined experience with this type of law, and have been advocating for children with HIE and related disabilities since the firm's inception in 1997.

We are passionate about helping families obtain the compensation necessary to cover their extensive medical bills, loss of wages (if one or both parents have to miss work in order to care for their child), assistive technology, and other necessities.

If you suspect your child's HIE may have been caused by medical negligence, please contact us today to learn more about pursuing a case. We provide free legal consultations, during

which we will inform you of your [legal options](#) and answer any questions you have. Moreover, you would pay nothing throughout the entire legal process unless we obtain a favorable settlement.

You are also welcome to reach out to us with inquiries that are not related to malpractice. We cannot provide individualized medical advice, but we're happy to track down informational resources for you.
